Regarding new board nominations, we currently have 25 private sector board members and 22 from the public sector. In order to maintain a 50-50 private-public balance based on a total of 50 board members, we need three additional public sector members. If Crime Stoppers is classified as a private organization then adding Mr. Chapman to the board would result in 26 private sector members. Have any of the current board members indicated that they would like to retire from the board? I may not be aware of those discussions.
